

| Properties | Values |
|-----------------------|--|
| General | High quality CR for use in underground applications. Compound has excellent self-extinguishing properties. |
| Application | Replacement of conveyor pulley wear surface |
| Polymer | CR |
| Profile Grooves | 50 x 8 x 6 |
| Finish | Large Diamond |
| Density | 1.40(g/cm ³) |
| Hardness - Shore A | 60±5 |
| Flammability | Self - Extinguishing |
| Abrasion | 180mm ³ |
| Electrical Resistance | Anti-Static |
| Elongation @ Break % | 400 |
| Thickness | 8mm - 22mm |
| Widths | 1000mm - 2000mm |
| Colour | Black |
| Bonding System | Cold Vulcanising |
| Roll Length | 10m |
| Operating Temperature | -30°C - +80°C |

We cater for all segments of the conveying industry being it industrial, mining, agricultural and packaging we have the solution at your disposal.

Please feel free to contact our sales team as they are ready to be of assistance.
